Dear Dan:

In compliance with Sid's letter dated 10 February 1959 which forwarded your letter DPD 0802-59 dated 30 January 1959, the attached list of Government Furnished Property supplied to General Precision Laboratory is tendered.

It is to be noted that, although only General Precision Lab. Contracts HF-6701 and HF-2249 were listed, the attached resume contains reference to General Precision Lab Contract TM-1461. This is due to work order numbers 10-17-15 and 12-8-16 being assigned, against this contract, all other work orders were issued against Contract HF-6701.

The serviceable assemblies were supplied to CPL to facilitate the expeditious return of repairable assemblies, by being a ready resource of unavailable small items.

If I can be of further assistance please advise.

Sincerely,
